

## **ADVANCED PLACEMENT (AP) CAPSTONE**

Advanced Placement Capstone is an innovative diploma program that helps students stand out in the college admission process by developing the critical thinking skills necessary to succeed in college and in life. The challenging program equips students with the skills to conduct independent research, analyze issues from different perspectives and communicate clearly. AP Capstone is built on the foundation of two high school courses designed to complement and enhance in-depth discipline through AP courses.

**Year 1 Course:** **Advanced Placement Seminar** is the foundational course that provides students with opportunities to think critically, research, explore, pose solutions, develop arguments, collaborate, and communicate using various media. Students explore real-
