Duval County Public Schools

Abess Park Elementary School

2021-22 Schoolwide Improvement Plan

Abess Park Elementary So	chool

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here.

School Board Approval

This plan is pending approval by the Duval County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

utilized to support teachers and small groups of students. Administrative Common Planning will include vocabulary alignment, building upon benchmarks between grade levels and equivalent assessments.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Our ELA performance is continuing to grow with higher proficiency at multiple grade levels and subgroups. Improving our students ELA abilities has been a school focus for many years.

What were the contributing factors to this improvement? What new actions did your school take in this area?

Our school used Title 1 funds to provide a primary tutor and intermediate Reading Interventionist. In

Using the <u>SafeSchoolsforAlex.org</u>, compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Attendance: Provide monthly rewards for students on time and present on selected days. Continue to inform families of the importance of being on-time and present daily and the negative long-term impact of missing school.

Student Behavior: Review the flow chart and school incident reporting system with the MLT to provide students, staff and families with a consistent response to inappropriate behaviors. Focus on behavioral intervention strategies at monthly PD aligned with the greatest need observed from the latest discipline data. Increase the usage of "Jags Bucks" to motivate students and imbed their quarterly visit to the "Jag Store" within the Resource Schedule to ensure all students have the opportunity to visit four times a school year.

Parent Engagement: Increase the timeliness and amount of communication provided to families regarding school events as well as extending our communication methods through Social Media and the GooseChase Online Subscription (purchased with Title 1 Parent Engagement funds).

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.
